Supporting young people since 1971

FAMILY CENTRE
KDYS KILLARNEY

KDYS, Fairhill, Killarney, Co. Kerry

ABOUT:

The KDYS is offering a new service for 2023 to support families in the community and families engaged in family and child law proceedings within the court systems. This service has the capacity to offer a safe and nurturing environment to allow for meaningful family time during access visits between biological parents and their children.

Family Time between parents and children will be facilitated within a nurturing and safe environment by a professional social care worker in our Killarney Youth Centre. Various levels of supervision can be requested from handover to fully supervised. This will be discussed at the point of referral and depending on the best interest of the child.
